BUSINESS WITH ESTIMATE OF LESS THAN \$4,000 OF TOTAL GROSS RECEIPTS

A business with a combined total of gross receipts for ALL license categories of your business that is estimated to be less than \$4,000 may wish to obtain a business license for the minimum fee although you are not required to do so. However, we do ask that you file with the Commissioner. If the estimated gross receipts are under \$4,000 but the business actually grosses more than \$4,000, then all the requirements of a business license must be met and the license purchased within 30 days of reaching the \$4,000 threshold. Please note that this exemption does not apply to licenses subject to a flat tax. Please complete and sign the form, reporting your estimated gross receipts, even if no license is required.
