The umpire shall then notify the opposing manager and scorekeeper. The protest must be noted in both scorebooks and on the scorecard prior to the next pitch of the game.
12. A protest regarding player eligibility must be done before the completion of the **third inning** for starting players or before the **completion of the inning in which an ineligible substitute entered the game.** The umpire will have the protested player(s) produce a legal photo ID. **(Exaple- Driver's License, Work ID, School ID).** If the protested player(s) are found to be illegal the team that protested will win the game.

Games that have not been completed due to weather related issues **(Example- canceled game in the bottom of the 2nd inning)** will be rescheduled as a new game. In cases of weather related issues a game will be considered complete after 5 innings of play, or 4 ½ innings if the home team is ahead.
5. FCPRD reserves the right to reassign any team based upon past record and other considerations for the **Cancellation Line – 540-665-5678 after 3:30 p.m. M-F.** Field conditions after 5 p.m. are left to the decision of the park ranger and the cancellation line will be updated once they make a decision.

6. **The first scheduled game will begin on time. All other games will begin 5 minutes after the conclusion of the previous game.**

C. GENERAL RULES

1. Softballs must be optic yellow and clearly marked **12 inch, USSSA Classic M**. Teams will hit their own ball. All balls entering the field of play must be inspected by the umpire before they can be used in the game. If the umpire cannot determine if the ball is clearly marked and optic yellow (example: Classic M), it will not be allowed. Both teams should have extra playable balls on hand in case replacements are needed for balls that are lost or damaged during game play.
2. Bats must meet the new or old USSSA bat stamped standards. A list of approved bats can be found at <http://www.ussa.com/slowpitch/>, and then click on the “Rules/Legal Info” tab found midway on the top part of the page. Bats that are considered to be “Senior Bats” or wood bats are not allowed to be used in this league. If you are found using a bat that is altered or not on the approved bat list, you will be removed from the league and subject to stiffer punishments by FCPRD.
3. **Time Limit: When 55 minutes has been reached during the game, the next full inning will be the last inning of the game. No matter what part of the inning the game is in (top, middle, end) the umpire will make this announcement.** Please note game starting time in your respective scorebook. All players should be encouraged to hustle between innings. The game will not conclude until each team has batted in their half of the inning. **In the case of a mercy rule, when 55 minutes has been reached during the game, the next full inning will be the last inning of the game no matter what inning the game is in (Example- bottom of 3rd).** However, in cases of weather related issues a game will be considered complete after 4 ½ innings have been played.
4. In the event a game is tied and the full inning after the 55 minute mark has been played **or** 7 innings have been played, teams will receive 1 inning to break the tie using the International Tiebreaker Rule. Teams will start the next inning with the **player of their choice** on 2nd base. There will be zero outs and each team will get a chance to score. If the game is still tied after the extra inning, the game will end as a tie.
5. **Mercy Rule – 10 runs after 5 innings of play.** The Run Rule will be used in all season ending tournament games including the Championship Game(s).
6. **Flip/Flop Rule**
FCPRD League Flip/Flop Rule EXCEPTION- to **OFFER** it to the winning visiting team as opposed to making them do it when a run rule is in effect. This shouldn’t be a debate between the umpire and team(s).

From the USSSA Rule Book: (rule book- https://ussa.com/docs/2018/2018_SP_RuleBook.pdf page 24- mid-page)

F. Flip/Flop Rule—All Programs: In the inning when the run rule for that particular program is exceeded and the home team is losing, the home team will remain at bat and become the visiting team. If the team (new visiting team) does not score enough runs to reduce the run difference below the run rule, the game is over. If they reduce the run difference to below the run rule then the new home team will bat. If they subsequently score enough runs to exceed the run rule, the game will be over; if they do not, the game will continue under that format. If the situation reverses, the teams would flip/flop again.

Again, ***FCPRD League Flip/Flop Rule EXCEPTION- to **OFFER** it to the winning visiting team as opposed to making them do it when a run rule is in effect. This shouldn’t be a debate between the umpire and team(s).***

7. A pitcher may have a total of three warm up pitches prior to the start of all innings.
8. The league will use a 3 ball, 2 strike count (3-2), **No Courtesy Foul**.
Three balls = walk, two strikes = Out
- If first pitch is called strike, next foul is an out- NO COURTESY FOUL BALL
9. The pitch must be underhanded at slow speed and with an arc that must have a minimum height of **3 feet from the pitcher release and a maximum of 10 feet** from the ground, in the umpire's judgment. Pitchers can pump fake in ALL DIVISIONS. Pitchers must **release the ball within 5 seconds** of the start of their wind-up. Any time after 5 seconds, a "ball" will be called by the umpire.
10. Teams must furnish scorebooks for their team. Team representatives must sign a scorecard after each game to verify the correct final game score with the umpire. Once a scorecard is signed by a team representative the game is considered final.
11. Teams must have a minimum of 9 players to start a game. Teams unable to field nine eligible players at the scheduled starting time will have to forfeit that game. If at any point your teams falls below 9 players the game will be considered a forfeit.
12. If a team falls below the total number of players that started the game (player leaves the game, injured player, quits, etc.), and no legal substitute players are available, that players position in the line-up will continually receive an out every time throughout the remainder of the game. The opposing pitcher may walk batter(s) to get to the free out.
13. Any team that forfeits 5 games during the regular season will receive a warning from FCPRD; a team forfeiting 6 games will not be eligible for tournament play.
14. The bases will be positioned at 70 feet.

D. DETAILED CO-REC. RULES

1. Your team must have at least 4 males and 4 females playing at all times, but have an additional male or female to have a playable game.
2. Coed Batting Order Options: Equal number of males and females in the line-up- the batting order MUST alternate male-female. Games must have a minimum of 9 players for each team- teams will take an out when the line-up consists of male following male. The opposing pitcher may walk batter(s) to get to the free out. **It will be permissible to have 1 or more female players in the line-up than male players.**
3. When adding the 10th player to the line-up, the ratio must be 5 males to 5 females or more females than males.

The DH(s) must be declared prior to the start of the game, they must remain in the same batting position the entire game, and may enter on defense. The substitute must be a player who has not yet been in the game. The starting DH can re-enter. Co-ed teams that choose to use the DH option must have **6 males and 6 females or more females than males.**
5. Any male batter that receives a base on balls, whether intentional or unintentional, will be awarded second base only if the female batter after him does not elect to hit. Runners will advance only if forced. The female batter following the walked male batter has the option of taking her normal at bat, or accepting a walk. If she elects to hit, the male batter in front of her must stop at first base. Male runners **must touch first base** before running to second base.
6. **A. Co-Rec defensive positioning shall include two males and two females in the outfield (on the grass), two males and two females in the infield (on the dirt), and one male and one female in the pitcher/catcher positions. No alternation required as long as the required number of males/females is met. If a team plays shorthanded with either three players in the infield or outfield, at least one must**

be male and one must be female.

B. If a Co-Rec 3 player outfield (a.k.a. 5 player infield) is being played, one of the 3 outfielders must be of the opposite sex.

Your team will not be allowed to use two opposite sex runners in the same inning. If the courtesy runner is stranded on any base and it is their turn to bat, they will remain on the base and will be considered out at the plate. The next batter in the line-up will then go up to bat. Note: **if a team only has 9 players and there is one out**, and the 9th player in the line-up is stranded on the base the inning will end with the 9th and the 10th players receiving outs at the plate (this will end the inning).

F. HOME RUN RULE

1. Home run rule: each team is allowed 3 homeruns during a game. Any home run that exceeds the league max will be ruled an out. (**ALL CO-REC DIVISIONS- 3 HOMERUNS THEN OUTS**)
2. The team that hits an over the fence home run is responsible for retrieving the ball or supplying a clearly marked replacement ball.
3. After a player hits a homerun over the fence, they **Do Not** need to touch 1st base or any other base.

The team may drop the player from their roster to avoid any forfeits. The player is considered ineligible and may not play on any other team(s).
