Dave,

At last night's budget work session the Board asked me to reach out to you to see if the School Board might be willing to move our joint meeting up from the currently scheduled date of February the 26th to February 19th. In addition, they would like to request a second joint meeting on March the 4th in which just the elected Board members would participate.

Please don't hesitate to call me if you have questions or would like to discuss the request.

Thanks - Kris
